

Agenda Item 19

Osteopathic Medical Board of California

DATE REPORT ISSUED: February 13, 2025
ATTENTION: Members, Osteopathic Medical Board of California
SUBJECT: Executive Director Exempt Level Increase
CONTACT: Denise Pines, MBA (Board President)

PURPOSE:

To request the exempt level of the OMBC's Executive Director (ED) position be increased from Level O to Level M. The Board Members have determined this action is necessary in efforts to provide the appropriate exempt level in support of the OMBC's organizational structure. Currently OMBC's ED exempt level is not appropriately allocated in accordance with the organization structure, in addition the OMBC's responsibilities support the position of an Assistant Executive Director which the OMBC is unable to allocate due to the structure imbalance.

Exempt Pay Scale (CalHR)
Career Executive Assignment Guidelines (CalHR)

Background:

There has only been one level increase for OMBC's Executive Director Position. The classification was first established as an Administrative Assistant to the Board of Osteopathic Examiner on July 1, 1976, level None. The classification was then renamed to the Executive Director in 1978, but it did not receive a level change until March of 1989.

In 1962, another initiative was passed providing the legislature the authority to amend the Act. A series of lawsuits challenged the abolishment of the D.O. license and portions of the Act, however the court restored the authority for D.O. licenses to be issued and, at the same time, restore its enforcement authority from MBC. Legislation in 1982 changed the name from the Board of Osteopathic Examiners to the Osteopathic Medical Board of California (OMBC) and added board members. The only restriction on the legislature's power is that it may not fully repeal the Act unless the number of licensed osteopathic physicians falls below 40. In 2002, OMBC volunteered to be included under the umbrella of the California Department of Consumer Affairs (DCA).

The OMBC had a major change in 2009 when the legislature placed the Naturopathic Committee "within" the OMBC. The OMBC was increased at that time from seven (five professional and two public) to nine members. The added members were both Naturopathic Doctors and were considered public members. These appointments were in violation of 3600 1.5 of the Business and Professions Code which states, "public members shall not be a licensee of any Board in Division 2 commencing with Section 500 of the Business and Professions Code nor of any initiative act referred to in that Section." In response, the Osteopathic Physicians and Surgeons of California (OPSC) sponsored SB 1050, supported by the OMBC and the Naturopathic Committee.

Passage of SB 1050 made the Naturopathic Committee independent and resulted in the removal of the two naturopaths from the OMBC and in their replacement by two public members, one appointed by the Speaker of the Assembly and one by the Senate Pro Tem.

Since 1989, the ED exempt entitlement BPC E/BP101 has not been reassessed and changed for the OMBC. This means that the ED position hasn't received an exempt level increase for 36 years.

Since 1989 the OMBC's licensee population, budget authority and Board oversight has increased drastically. While various significant program changes have occurred since 1989, the most significant ones have occurred over the past decades as followed:

Unfortunately, DCA has no record of what the population was in 1989, however, in fiscal year (FY) 2008/09 the physician and surgeons' population in California was 5,885. Today there are 16,272 licensed DOs and 1,194 postgraduate trainees for a total license population of 17,466. In addition, the OMBC regulates 1,282 Fictitious Name Permits (FNPs).

Since 2018, there have been several significant statutory changes to Continuing Medical Education (CME) requirements for renewals. In 2017, BPC 2454.5 was amended to change the CME cycle from a three-year cycle to a two-year cycle, to eliminate the even and odd year issuance of initial licenses and align the CME cycle with the renewal cycle by SB 798, chap.775, statutes of 2017 effective January 1, 2018.

The OMBC requested in 2021 that that the legislature change the number of required CMEs from 100 to 50 with 20 CMEs required to be American Osteopathic Association (AOA) and the remaining 30 CMEs can be either AOA or American Medical Association (AMA) approved, which was approved and signed into law effective January 1, 2022 (SB 806, Stats. 2021, ch. 649).

In response to the opioid crisis, the legislature added a mandatory CME course requirement on risks of addiction associated with the use of Schedule II drugs to be completed each renewal cycle, effective January 1, 2019 (SB 1109, Stats. 2018, ch. 693). All these changes were enacted at BPC section 2454.5.

In 2020, the OMBC began to issue postgraduate training licenses to physician and surgeons. The postgraduate training license allows physicians to train in California without breaking the law. These licenses are issued to residents enrolled in an ACGME-accredited postgraduate training program.

In 2022, the OMBC requested the legislature to eliminate the prorated initial license fee and birth month renewal cycle for initial licenses at BPC section 2456.1, which was approved and signed into law effective January 1, 2023, under SB 1443 (Stats. 2022, ch. 625). In addition, other statutorily mandated provisions have been enacted since the OMBC first adopted its CME regulations at BPC sections 2190.1, 2190.15, 2190.3, and 2190.6; those statutes require dedicated CME in specified content areas and authorize exemptions from required CMEs, as applicable. As a result of these many statutory changes, additional revisions to the regulatory sections related to CMEs needed to be updated in order to comply with the various statutory changes that have occurred since the OMBC last updated its CME regulations.

In 2023, AB 657 required the OMBC to expedite the licensure process of an applicant who can demonstrate that they intend to provide abortions within their scope of practice.

In 2023, AB 1636 prohibited the OMBC from reinstating the license of a physician and surgeon that had their license revoked or surrendered because they committed certain sex offenses or engaged in sexual misconduct with a patient. It expands current automatic revocation requirements to also include certain out-of-state convictions for sex offenses. This bill also allowed the OMBC to deny a license to an applicant who was disciplined by another licensing Board for sexual misconduct with a patient regardless of when the discipline occurred, removing the current seven- year limitation.

In 2024, SB 815 (MBC Sunrise Bill): included many new law changes that applied to the OMBC.

Licensing changes:

- Extended the postgraduate training license expiration to 36 months for those issued a PTL after January 1, 2024.
- Eliminated the 24 months in the same residency program requirement for completion of 36 months of postgraduate training.
- Provided licensees, who must demonstrate to the OMBC completion of 36 months of postgraduate training, an additional 60 days beyond the expiration date to do so before they become delinquent.

Enforcement changes:

- Required the OMBC to establish a complaint liaison unit.
- Authorized the ED to adopt default decisions, stipulations for surrender of license and automatic revocations.
- In cases in which the licensee refuses to comply with a subpoena, the statute of limitations is tolled upon service of an order to show cause and lasts until such time as the subpoenaed records are produced or until the court declines to issue an order mandating release of the records to the OMBC.
- Required that pharmacies must provide the OMBC with requested pharmacy records within 3 business days of the request by OMBC. There is a provision for the pharmacy to request an extension of time not to exceed 14 business days, but such request must be approved by OMBC. The extension of time request is deemed approved if the OMBC fails to deny the request within 2 business days.
- Automatic license suspension following the conviction by a licensee for one or more the specified violations of statutes listed in the new law. The suspension remains in effect until the time of appeal has elapsed if no appeal is taken or until judgment of the conviction has been affirmed on appeal or has become final. The OMBC has discretion to set aside the suspension if it determines that such action serves the interest of justice. The law declares that convictions listed in this section are substantially related to the practice of medicine and the Administrative Law Judge (ALJ) should not permit any testimony questioning whether the conviction is

substantially related to the practice of medicine.

Convictions that require automatic suspension include:

- Sexual abuse, misconduct, or relations with patient in violation of BPC sections 726 and 729.
 - Violations of Penal Code sections 290 (c) and (d).
 - Serious felonies defined in Penal Code section 1192.7.
 - Selling, transporting, furnishing, administering, giving, possessing with intent to sell, furnish Fentanyl etc. without a lawful prescription.
- Adds three additional violations of what constitutes unprofessional conduct:
 - Failure of licensee to attend or participate in an interview with 30 calendar days of being notified.
 - Any licensee who intends to cause the patient to rescind consent to release medical records as requested by the OMBC or investigators.
 - Dissuading, intimidating, or tampering with a patient, witness, or any person in an attempt to prevent them from reporting or testifying about the licensee.

Repeals BPC section 2270 that prohibited providing misleading or false non-evidence-based information related to COVID 19.

Modified when probationers are eligible to petition for modification or termination of probation and reinstatement of their license. The new law revises the eligibility for to petition for reinstatement of a license that was surrendered or revoked for unprofessional conduct; except the OMBC can entertain a petition after three years if there is good cause. Probationers are eligible for petitioning for early termination after 2 years or after more than one half the probation term has elapsed, whichever is greater. At least one year for modification of a condition, or reinstatement of a license surrendered or revoked for mental or physical illness, or termination of probation of less than three years. The OMBC shall automatically reject a petition for early termination or modification of probation if the OMBC files a petition to revoke probation while the petition for early termination or modification of the probation is pending.

The OMBC may establish a fee to be paid by petitioners seeking reinstatement or modification. The fee shall not exceed reasonable costs to process and adjudicate petitions and the OMBC is authorized to promulgate regulations for this fee.

The exchange of information between parties shall be completed no later than 90 days (changed from 30 days).

This (FY 2024-25) the OMBC is actively advancing three regulatory initiatives aimed at streamlining processes, enhancing revenue generation, and bolstering decision-making capabilities. One key endeavor involves the development of regulatory packets designed to revolutionize the Continuing Medical Education (CME) audit process. By implementing a self-certification renewal process, the OMBC aims to eliminate the burdensome 100% CME audit prerequisite for renewal, proposing instead a more pragmatic 10% audit coupled with citation and fine authority adjustments. Simultaneously, the OMBC is broadening its citation authority within this regulatory framework.

Furthermore, efforts are underway to augment application fees, introduce a retired license status, and propose fee adjustments pertinent to probation penalty relief or license reinstatement requests in enforcement matters. The ED is spearheading a comprehensive revision of the OMBC's disciplinary guidelines, including the long-overdue overhaul of uniform standards for substance-abusing licensees, which have remained unchanged since their inception and adoption in 1992.

On January 15, 2025, the OMBC received an approved California of Regulations, Title 1, Section 100 a non-substantive change to amend sections 1603, 1604, 1606 [renumbered to 1601], 1608,1611, 1630,1635, 1636, 1650, 1651, 1657, 1659.30, 1659.32, 1660, 1660.2, 1661, 1661.4, 1675, 1685, and 1690.

Analysis:

Generally, when changes occur, increasing program requirements, such as, scope of responsibility, staff size, budget, complexity, special requirements, etc. merits a salary or level increase. Over the past decade, the OMBC's role and responsibilities have changed significantly resulting in increased program requirements, which includes increased staffing levels, budget authority, operating expenditures, etc. The OMBC's ED exempt level has not changed since 1989. Meanwhile the ED exempt level remains at the same level (O), the OMBC organizational structure and responsibilities have drastically increased. The OMBC's current structure is as follows:

Working Title: **Executive Director**
Exempt Level: **O**
Salary: **8,630 - 9,614**

Authorized Positions: **15.9**
Authorized Budget: **4,222,000**
Licensee Population (P&S and PTL): **17,466**.
Fictitious Name Permits: **1282**

The EO exempt level from O to level M, will not require a budget change proposal request, nor create a budget deficiency. The ED monthly salary base of level O is **8,630-9,614 and 9,486 - 10,567 for level M**. Based on the maximum monthly salary base, the OMBC's expenditures may have a potential annual increase of **\$11,436 within its Personnel Services budget**. The OMBC is currently authorized **\$1,949,000** for Personnel Services and projects to fully expend its budget (year-end); however, expenditures include the cost for temp help staff. The OMBC anticipates these additional expenditures to decrease each year – as staffing deficiencies have been corrected through the BCP process allowing the OMBC to true-up its budget and significantly reduce its reliance on temp help. The potential maximum annual increase (\$11, 436) is minor and absorbable within existing resources. Further, the DCA, Budget Office has advised staff that the OMBC's fund is healthy and the OMBC can support the estimated cost identified within its existing resources without requiring a budget change proposal. In addition, the OMBC is working on a regulation that will bring more revenue as it will be increasing its application fees to be align with its statute authority. Therefore, in our opinion, a change to the OMBC's ED exempt level from O to Level M is a viable course of action.

Action Requested:

OMBC Board Members - Motion to vote in support of the DCA, Office of Human Resources to work with the OMBC staff and appropriate agencies in obtaining an exempt level increase for OMBC's ED position from level O to Level M.

**California Department of Human Resources
Memorandum**

TO: Personnel Management Liaisons (PML)

SUBJECT: Changes to the Career Executive Assignment (CEA) Program	REFERENCE NUMBER: 2013-027
DATE ISSUED: 08/16/13	SUPERSEDES: 2008-012

This memorandum should be forwarded to:

**Personnel Officers
Personnel Transactions Supervisors
Labor Relations Officers**

FROM: Personnel Management Division
Phone: (916) 323-8495
Fax: (916) 327-1886

The purpose of this memorandum is to provide notification of changes to the State's Career Executive Assignment (CEA) program. These changes will consolidate the existing CEA levels and salary ranges to provide departments more flexibility in managing their CEA program.

Effective July 31, 2013, the California Department of Human Resources (CalHR) will institute the new CEA levels and salary ranges detailed in this PML.

Salary Ranges:

The current CEA levels will be consolidated from five levels to three with a minimum monthly salary of \$6,173 and a maximum monthly salary of \$10,836. The salary range is extended to \$13,782 for a few high-level positions requiring licensure as a physician, attorney, or engineer.

Old Level	& Salary Ranges	New Level	& Salary Ranges
Level 1	\$6,173–\$8,073	Level A	\$6,173–\$8,874
Level 2	\$7,815–\$8,874		
Level 3	\$8,594–\$9,760	Level B	\$8,594–\$10,237
Level 4	\$9,018–\$10,237		
Level 5	\$9,544–\$10,836	Level C	\$9,544–\$10,836

CEAs currently allocated to Levels 1 and 2 will be amended and assigned to the new Level A; CEAs currently allocated to Levels 3 and 4 will be amended and assigned to the new Level B; and CEAs currently allocated to Level 5 will be amended and assigned to the new Level C.

The Civil Service Pay Scales will continue to designate a single salary range for all CEA levels, \$6,173–\$13,782, to provide departments the flexibility, and CalHR the discretion, to establish salaries above the specified maximum salary range of the approved CEA level when exceptions to the salary range are approved.

Each of the new CEA levels has a defined salary range that shall not be exceeded without the prior approval of CalHR. Departments are only authorized to provide a salary within the established salary range of the approved CEA level. Salaries may only exceed the salary range of the approved CEA level with the prior approval of CalHR.

Thus, a CEA A shall not be assigned a salary more than \$8,874; a CEA B shall not be assigned a salary more than \$10,237; and a CEA C shall not be assigned a salary more than \$10,836, without prior CalHR approval.

After the initial appointment and the first twelve (12) months of service in a CEA position, a CEA may be granted a five percent (5%) salary increase up to the maximum of the salary range. The annual salary movement for CEAs shall not exceed a maximum of five percent (5%) in any twelve (12) months up to the maximum of the range (which is consistent with rank and file classifications having the ability to move via a Merit Salary Adjustment). All exceptions to exceed the five percent (5%) salary movement in any twelve (12) months shall be submitted to CalHR for prior approval.

CalHR anticipates that this consolidation will create instances where a CEA is reporting to another CEA (previously allocated at a higher level) at the same level (e.g., a CEA 3 reporting to a CEA 4 will result in a CEA B reporting to a CEA B). In this instance, departments are expected to monitor the salary relationships and ensure that any and all compaction issues are avoided.

CEA Level Criteria and Guidelines Worksheet:

The attached CEA Level Guidelines have been created to assist departments when planning to establish a new CEA or making changes to existing CEAs. At this time, departments shall continue to submit all requests for new and changes to existing CEAs to CalHR for review and approval to CEA@CalHR.ca.gov using the existing CEA Position Request form.

Consistent with this PML, the Civil Service Pay Scales, Section 8 (Variable Compensation), have been revised to reflect the consolidated CEA program discussed herein.

Departments should contact their PMD Analyst with questions related to this PML.

/s/ Rosemary E. Sidley
Personnel Management Division

CEA LEVEL GUIDELINES

1) **Revising a current CEA level.** Current level: _____ Dept. size: _____ Current Org. level _____.
 Complete the chart below indicating the size of the department, organizational level, and role of CEA. If the requested level does not agree with the typical guidelines below, complete sections A, B, C, and D.

2) **Establishing the level for a new CEA.** Complete the chart below indicating the size of the department, organizational level and role of CEA. Complete sections A, B, C, D, and E.

Size of Department (# of PYs)	Level A	Level B	Level C	Position Paid Above Level – CalHR Approval Required	Excluded*

DEFINITIONS OF ROLES

AAS = Assistant Agency Secretary: Responsible for a single or multiple program crossing departmental lines.

DIR = Director/Executive Director: By definition or constitutional authority, the Director is the Chief Executive Officer of a department. This is the highest organizational level with responsibility for all aspects of an organization or in a mega department over significant arms of the organization.

CDD = Chief Deputy Director: Reporting to the Director, the position is at the first organizational level and like the Director is also at the highest organizational level. Positions are responsible for the administrative functions of a department and serves as the Director in his/her absence.

DDR = Deputy/Division Director: Typically responsible for one or more programmatic divisions. Positions are typically at the second organizational level. Most departments consider these positions to be at a high organizational level.

ASSIST = Assistant Deputy Director/Assistant Division Chief/Assistant Branch Chief: Performs as an assistant to the Deputy Director, Division Chief or Branch Chief of a large program with subordinate managers. The primary function of the position is to assist with policy-making decisions, as well as, serve in the absence of the Director or Chief and/or to assist with ensuring proper oversight and administration of the program. Positions are considered mid-organizational level and are typically at the 3rd organizational level.

DBC = Division/Branch Chief: Responsibility consists of all aspects of a specific program. Positions are considered mid-organizational level and are typically at the 2nd, 3rd, or 4th organizational level. The size of the department, number of divisions in the department, and staff size are all factors considered in determining the appropriate level for this position.

PMR = Program Manager: Usually responsible for a specific program area within a division or branch. Has full management and supervisory responsibility. Administers the program through one or more subordinate supervisors. Allocations are considered to be at the lowest organizational level and typically are at the 2nd, 3rd, and 4th organizational level depending on department size.

PRJ = Project Manager: Positions assigned responsibility over a multi-million dollar project which strongly influences the development of policy pertaining to the mission of the department. Positions may be considered at the lowest or mid-organizational level and typically are at the 3rd organizational level but may be at the 2nd level for extremely large, complex and/or sensitive projects. Positions serve as the head of the project with responsibility for the overall completion of the project. The project must have a direct impact on accomplishing the mission of the department, health, safety, welfare, and/or other vital interests of the public and/or other primary customers. The project has strong media and legislative interest and is of such complexity that few persons in state service possess the capacity to accomplish the project successfully. The failure of the project could result in loss of life, loss of millions of dollars, negative media coverage, loss of faith by the public, litigation or civil or criminal investigations.

SPEC = High Level Staff Specialist: Positions should only be established at Level A.* A high level staff specialist with program responsibility impacting the entire department which reports to the Directorate.

SA = Special Advisor: Positions should only be established at Level A.* Positions are responsible for rendering broad management advice that significantly impacts a wide spectrum of departmental policies. Consider the extent to which the concentration of policy responsibility may weaken the policy-influencing role of line positions in the same program or department. Positions typically serve as special advisers to Boards or Commissions.

****Establishing positions at a higher level requires CalHR approval.***
